Subject : Nomination of Candidates for the Post of Chairman, Vice-Charmen and Other Office Bearers of the APT Conference Preparatory Group for WRC-19

Her excellency Ms. Areewan Haorangsi, the Secretary General of APT,

On behalf of Ministry of Science, ICT and Future Planning of the Republic of Korea, I have the honor to inform you that nominate Dr. Kim Kyung-Mee as a candidate for chairmanship of Working Party 2 within APG-19.

Dr. Kim has actively participated in ITU-R meeting especially broadcasting and mobile communication fields as the head of delegation of the Republic of Korea since 2000. She also worked for preparation of WRC-15 within APG as the chairman of Working Party 1 focusing on WRC-15 Agenda items related to mobile and amateur issues. On the basis of her excellent working experience in the field of radiocommunication issues as well as the activities within APG, I am confident that Dr. Kim will make the best valuable contribution to APG-19.

Please accept my wishes for your continued good health and success in all of your future endeavors.

Yours Sincerely,

**KIM, Kyoung Woo**  
Director of the Spectrum Policy Division  
Radio Policy Bureau  
Ministry of Science, ICT and Future Planning

## **Biographical profile**

### **Ms. Kyung-Mee KIM**

Kyung-Mee Kim is the Director of Technical Regulation Division of National Radio Research Agency, Ministry of Science, ICT and Future Planning and responsible for technical regulations and related spectrum issues for terrestrial matters. She has actively participated in ITU-R meetings, Radiocommunication Assemblies and WRCs and had taken positions of vice-chairman of ITU-R SG 6 related to broadcasting service and Committee 6 of WRC-12 and WRC-15 to develop future agenda items for WRC-15 and WRC-19, respectively. She also worked for APT countries as the Chairman of Working Party 1, dealt with mobile and amateur issues. She have contributed to WRC preparation works in Korea since 2000 and led the job to adopt WRC-19 agenda item 1.13 regarding IMT spectrum in the bands above 6 GHz. Now she is the vice-chairman of Steering Committee of WRC-19 Preparatory Group in Korea.
